STATEMENT

26

27 This bill would expand eligibility for veterans' hiring preference
28 in the civil service so that individuals who are eligible for veterans'
29 preference in the federal civil service, but are not eligible for
30 preference in the State civil service, would receive additional points
31 above the individual's earned score on State civil service
32 examinations.

33 To receive the additional points, an individual must meet the
34 eligibility requirements in section 2108 of Title 5, United States
35 Code, as may be amended and supplemented. This means that an
36 honorable or general discharge is necessary. National Guard and
37 Reserve active duty for training purposes would not qualify.

38 Under the bill, five points would be added to the passing
39 examination score of an individual who is not eligible for State
40 veterans' hiring preference, but served:

41 -During the period December 7, 1941, to July 1, 1955; or

42 -For more than 180 consecutive days, any part of which occurred
43 after January 31, 1955, and before October 15, 1976; or

44 -During the Gulf War from August 2, 1990 through January 2,
45 1992; or

46 -In a campaign or expedition for which a campaign medal has
47 been authorized, including El Salvador, Grenada, Haiti, Lebanon,
48 Panama, Somalia, Southwest Asia, Bosnia, and the Global War on

1 Terrorism.

2 Ten points would be added to the passing examination score of
3 an individual who is not eligible for State disabled veterans' hiring
4 preference, but who served at any time and (1) has a present
5 service-connected disability or (2) is receiving compensation,
6 disability retirement benefits, or a pension from the federal military
7 or the Department of Veterans Affairs.

8 The application of this new benefit to disabled veterans who did
9 not serve in a time of war would apply only if an amendment to the
10 State constitution is approved by the voters to permit such disabled
11 veterans to receive the benefit.
